In the Claims

Please rewrite the claims as follows:

8. (Twice Amended) A composition for use as a water-resistant coating comprising:
 a superabsorbent water-soluble polymer precursor; and
 a binder selected from a group consisting of polyester, urethane, epoxy, latex and mixtures thereof and is cured to form a superabsorbent polymer.

REMARKS

The Applicants have carefully reviewed and considered the Office Action of April 29, 2002. In response the Applicants amend the Specification to clarify what is meant by a chemical precursor to a water-soluble polyacrylate and thus clarify the claims to overcome the rejection under 35 U.S.C. § 112, first paragraph. Applicants also amend claim 8 to clarify that which Applicants
